

VALENTÍN KEBAT

La Plata, Buenos Aires, Argentina | valenkebat@gmail.com | (221) 3573136 | github.com/Valenkebat

PROFESSIONAL SUMMARY

Data Engineer with 3+ years of experience specializing in Python, end-to-end data pipelines, and web scraping. Proficient in cloud infrastructure (AWS) and modern data orchestration tools (Airflow, dbt). Strong focus on data quality and automation.

WORK EXPERIENCE

Data Engineer | *Moni*

Present

- Designed, built, and maintained scalable data extraction and processing pipelines using Python and SQL.
- Orchestrated workflows and automated task scheduling using Apache Airflow.
- Managed AWS cloud infrastructure (Redshift, S3, ECS, Fargate).
- Implemented data modeling and transformation strategies utilizing dbt.

Data Engineer & Analyst | *National Ministry of Public Works*

2020 - 2024

- Developed Python scripts for geodata normalization into shapefiles.
- Maintained large datasets in SQL Server using PL/SQL and Python.
- Built data visualization dashboards using Tableau.

GIS Data Operator | *Provincial Directorate of Statistics*

Feb 2020 - Sept 2020

- Managed data upload workflows and cartography updates using ArcGis 10.2.

Large Format Print Operator | *Manet Impresiones*

2016 - 2020

- Managed the production and printing of large format graphics and banners.

TECHNICAL SKILLS

Programming:	Python (Advanced), SQL, JavaScript / TypeScript, Java.
Web Scraping:	BeautifulSoup, Selenium, API Integration, Dynamic/JS content.
Data & Cloud:	Apache Airflow, dbt, dlt, AWS, Docker, Node.js.
Databases:	PostgreSQL, SQL Server, MySQL, Redis.

EDUCATION

- **College Programmer Analyst (In Progress)** - Faculty of Computer Science, National University of La Plata (UNLP).
- **Bachelor's Degree in Sociology (2014-2017)** - Faculty of Humanities and Educational Sciences, UNLP.

COURSES & CERTIFICATIONS

Data Engineering Training - Dateneo | 2025

Technologies: dbt, dlt, and AWS.

Data Engineering Diploma - Universidad Tecnológica Nacional (UTN FRRe) | 2024

ABOUT ME

I am a builder at heart, whether I'm orchestrating data workflows or designing domestic automation systems with a Raspberry Pi. In my free time, I balance my screen time by baking integral bread, gardening, cycling, and playing the trombone.
